

# LEAD MOBILITY WING AND INITIAL RESPONSE TEAM

***Year of Retention &  
Recruiting***

# LMW MISSION

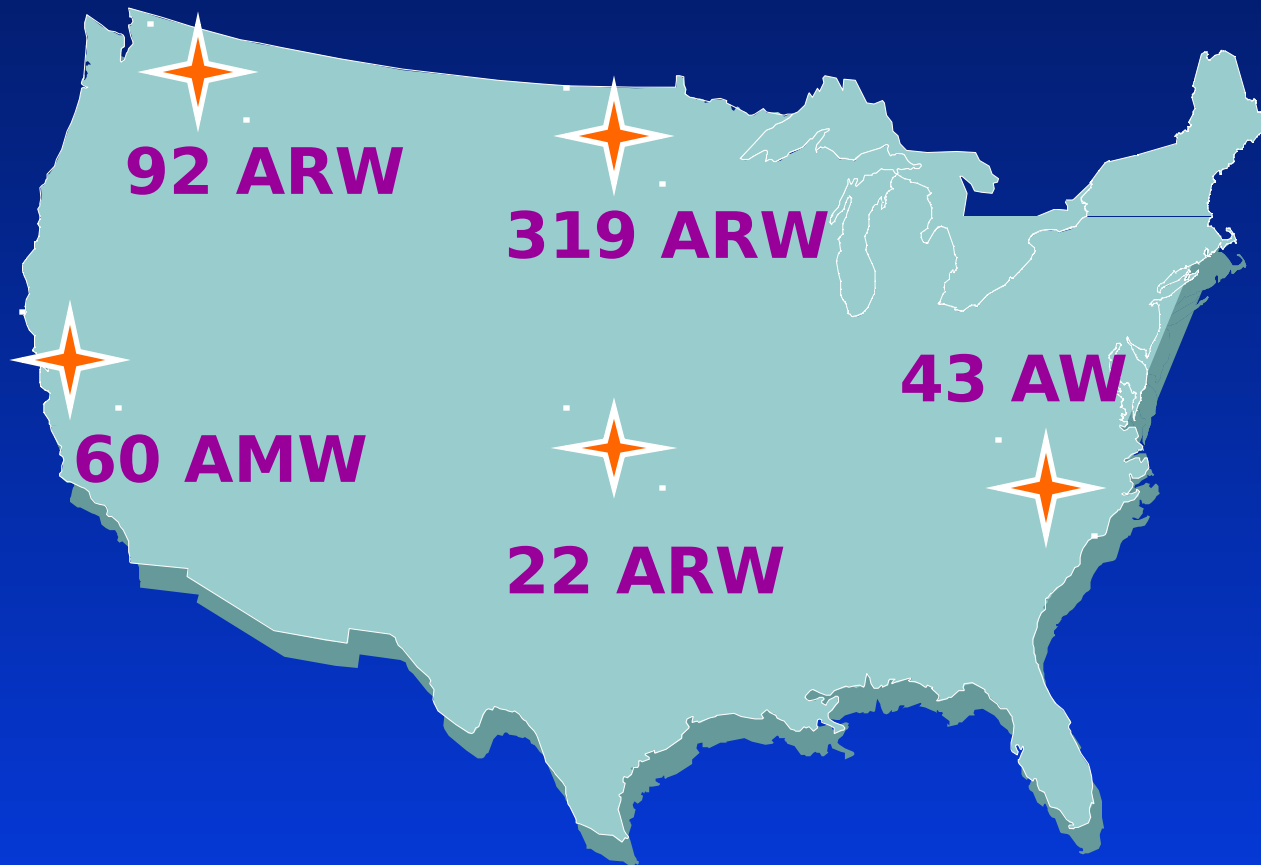

- Facilitate the USAF Response to Humanitarian Crisis or Noncombatant Evacuation Operations **at the Request of a Theater CINC**
- Deploy a Trained & Ready Mobility Team to Assess Follow-On Force Requirements
- Lead an AEW or AEG as Part of the Deployed USAF Contribution to a Joint HA/DP Operation

# WHY LEAD MOBILITY WINGS?

- ▮ Initial Humanitarian Relief Efforts are “Mobility Centric”
- ▮ AMC Tanker Airlift Control Element (TALCE) Establishes Reception Operations
  - ▮ TALCE Focus is Strategic Air Flow
  - ▮ No HA/DR-Specific Training
- ▮ **Need:** An HA/DR Trained Team to Establish and Run an Air Base for the Reception of Relief Supplies and Equipment

# LEAD MOBILITY WINGS

***Mobility Leadership for Global Engagement***

# CONCEPT

**1. On-Call Mobility Leadership**

**2. Initial Response Team (IRT)**

**3. Follow-on Humanitarian Response Package**

# **LMW UTC BUILD HISTORY**

- ▮ **Initially the LMW had 3 components**
  - ▮ **Command Element**
  - ▮ **Initial Response Team (IRT)**
  - ▮ **Core UTC Package (CUP)**
- ▮ **Medics would support with PAM Team in IRT**
- ▮ **As evolved, line directed Command Element and IRT be combined; much smaller; no “attached” UTCs; AEF buckets replace CUP concept**
- ▮ **New UTC built, PAM team replaced with specific medical capabilities**

# **9AALW MEDICAL SUPPORT**

- ▮ 48A Aerospace Medicine**
- ▮ 43H Public Health Officer**
- ▮ 43E Bioenvironmental Engineer**
  
- ▮ Sufficient supplies and equipment  
to  
conduct medical assessment**
